## a global **COMMUNITY**

**Intergraf Currency+Identity** is a neutral conference and exhibition for the currency and identity community, dedicated to fostering collaboration, cultivating visionary perspectives, and enhancing skills. It brings together global leaders from central banks, government agencies, identity document issuing authorities, security suppliers, and digital solution providers. As a unique non-profit platform, it facilitates knowledge exchange and drives innovation, shaping progressive mindsets to address evolving challenges in currency and identity.

On 5 March 2025, Intergraf Currency+Identity opened with a bang. Attendees arrived eager to witness the limitless possibilities of security printing materials in a whole new context as Intergraf presented the first-ever *Currency+Identity Défilé – A pocket full of Milan*. An unforgettable blend of creativity and industry expertise co-created with students from NABA – Nuova Accademia di Belle Arti, and highlighting the creative potential of the extraordinary materials that drive our industry.

*I can't name just one great experience - the overall conference was excellent.*

Portals

# bringing together **INNOVATORS** and **DECISION-MAKERS WORLDWIDE**

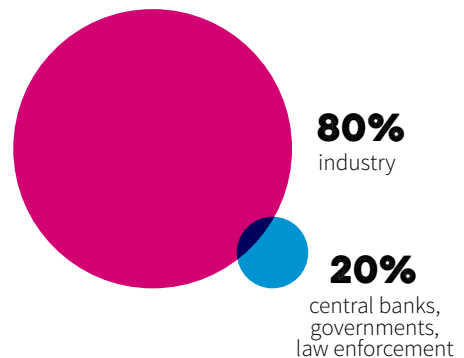

**1050 participants** came together in Milan as a close-knit community, united in their mission to cultivate the vision, skills, and mindset required to drive the advancement of our industry.

“ A wonderful experience that you wouldn’t want to miss, both professionally and socially.

event delegate  
Bank of Israel

“ All topics are engaging and highly informative. The program enables suppliers to effectively showcase their products, while ensuring the conference remains balanced and not solely supplier focused. Perspectives from other printers and central banks are also well represented.

event delegate  
Bangko Sentral ng Pilipinas

The **primary goals for attending**, in order of importance, were networking, gaining new insights, leveraging learning opportunities from the conference content, and connecting with the exhibitors.

The event survey shows that expectations were met, with an average satisfaction rate of 93% for these key objectives.

The quality of the conference was rated at 90% good to excellent

94% of the delegates said the event was a good investment

# shaping the future of **CURRENCY** and **IDENTITY**

The conference programme officially kicked off with **keynote speaker**, Eleanor Winton, who set the tone for an engaging and interactive session while offering a fresh and compelling perspective on the global trends shaping the future of our industries and beyond.

That same afternoon, the **Industry Innovation Arena** was launched: a new dedicated stage for fast-paced TED-style presentations showcasing firsthand insights from 15 leading industry innovators. This fresh format was met with enthusiasm from attendees and exhibitors, who appreciated the dynamic, engaging pitches.

“ *The innovation pitch presentations were excellent and provided an ideal format for gaining new information and ideas.* ”

*event delegate*  
Lohmann GmbH & Co. KG

The remainder of the programme was filled with a compelling line-up of expert conference speakers from central banks, governments, and law enforcement, providing a dynamic exploration of innovation during **parallel sessions on currency and identity**.

Currency topics included the role of cash in present and future societies, sustainability in banknote manufacturing, the evolution of banknote design, security considerations for physical and digital currency, and reinventing currency: manufacturing processes and cash cycle. On the identity side, the focus was on unveiling the latest identity documents, the latest trends and tactics in document forgery, the lifecycle of the U.S. passport, identity dynamics and navigating the digital identity landscape.

“ *A wonderfully organised conference in Milan. Intergraf remains my personal highlight, thanks to its broad spectrum of expertise and well-balanced formats. I am already looking forward to the next conference in Copenhagen.* ”

*Stefan Hardt*  
Deutsche Bundesbank

Moreover, attendees had three days to explore the **largest exhibition to date** and offering unparalleled access to the very best in industry expertise, innovative ideas, and ground-breaking advancements. The ideal platform for networking, learning, and forging lasting partnerships with fellow experts.

SLEEP.  
**EXHIBIT.**  
REPEAT.

“ A unique opportunity to meet in one place with all manufacturers and key players dedicated to improving the quality of banknotes.

event delegate

“ We exhibited for the first time at Intergraf Currency+Identity this year and it certainly won't be the last. It was the right place for us to present our developments to experts and to keep up to date with the latest industry trends.

On the previous day, 4 March 2025, two exclusive parallel events took place: **Intergraf Identity High** and **Intergraf Currency High**.

Attendance is by invitation only and restricted to a select vetted audience to ensure high-profile conversations and the exchange of best practices within a secure environment.

That same day, the **Certification Workshop** took place, a full day devoted to advancing Intergraf security strategies and INTERGRAF ISO 14298 and INTERGRAF 15374 standards. A highlight of the workshop was a special session with an experienced ethical hacker who truly brought home the critical importance of securing information and IT systems.

After its initial success of 2023 in Bilbao, the **Tender Tactics** session was on repeat this year and a two-day **Intergraf Security Manager Training** was new to the programme.

“ An insightful session on the true value of certification, offering a deeper understanding of how end users can benefit from the Intergraf certification scheme during the tender process.

Dimsha Frings  
Dutch Ministry of the Interior and Kingdom Relations

In celebration of Milan's fashion heritage, Intergraf launched the event with a *Currency+Identity défilé* *A pocket full of Milan* integrating local culture with our industry and exploring the creativity and versatility of the security printing industry.

17 exhibitors participated by contributing sample **security printing materials** which students of NABA used to create **10 outfits** representing typical characters of Milan.

“ *The request for material for the Currency+Identity Défilé was our favourite order: we have never done anything so unusual and beautiful before. The project showed that we do not just make reliable, useful, high-tech products, but that we approach all processes with a creative vision. Big thanks to Intergraf Currency+Identity for bringing together bold ideas, sharp minds, and a whole new way to see identity!*

*Nadya Belkovskaya*  
Regula

## where connections turn into **OPPORTUNITIES**

In the evenings, attendees enjoyed three key **networking events**: the welcome cocktail, exhibition aperitif, and a lively dinner party at a fully privatised Mercato Centrale in Milan.

These informal gatherings proved invaluable for building connections and exchanging ideas beyond the conference sessions.

“ *A great place to network and connect with key players in the industry.*
