MY COMPANY WILL NOT MAKE USE OF THE STANDARD MODULAR STAND AND HAS ENTRUSTED THE BELOW-MENTIONED COMPANY TO BUILD A CUSTOMISED BOOTH IN THE EXHIBITION

Please note: If you are employing a contractor to build your stand, please make sure they receive a copy of our [Exhibition Terms & Conditions SecurityPrinters 2019](#), the Exhibition Manual as well as the [Exhibitor Terms](#) applicable at Bella Center Copenhagen.

For all non-standard booths, the height of all installations (partitions, frieze, decoration, signs,...) is restricted to 3.00m to give an homogeneous appearance to the show and ensure that visitors have good, all-round visibility.

Exhibitors must submit their proposed booth design (scale 1:100) for approval, with layout and elevation plan indicating all dimensions and including identification of walling, raised platform, machinery, store rooms and special structures, by 1 August 2019.
